

With SWEPCO, being energy smart is easy.

Reduce operating costs, boost customer satisfaction and advance your company's sustainability commitment through energy efficiency improvements.

SWEPCO Louisiana's Commercial and Industrial Energy Efficiency Program provides incentives for qualifying energy-efficient improvements that reduce peak electric demand and save energy in commercial and industrial facilities. Incentives are based on verified electric energy and demand savings and are calculated using the incentive rate table. SWEPCO's Energy Advisors are available to help you identify projects, calculate financial impacts and provide application assistance.

Easy Energy Savings for a Boosted Bottom Line

According to ENERGY STAR®, \$1 in energy savings is equal to \$59 in increased sales for the average grocery store. SWEPCO Louisiana can help you find those savings as well as providing rebates to make upgrading lighting and equipment easy and affordable.

Stock up on Ways to Save Energy and Money

SWEPCO Louisiana has a rebate to cover almost any energy-saving improvement your grocery store needs. Common upgrades include:

- Replacing overhead lighting with energy-efficient premium T8, T5 or LED systems.
- Installing LED refrigerated case lighting with motion sensors.
- Equipping break rooms and storage areas with occupancy sensors.
- Installing strip curtains on walk-in coolers and on walk-in freezers to reduce air infiltration by up to 75 percent.
- Adding high-efficiency evaporator fan motors—which typically use 70 percent less energy—to walk-ins and refrigerated cases.
- Installing anti-sweat heater controls in refrigerated cases.
- Upgrading HVAC equipment.

- Installing an energy management system that provides precision control over HVAC, lighting and other equipment.
- Upgrading exit signs to LED or electroluminescent signs.

Customer Eligibility

Incentives are available to SWEPCO served commercial and industrial facilities with a demand over 100kW.

Submit an application and reserve your incentive at SWEPCOgridSMART.com
